

FINANCIAL RISK

THE FOLLOW UP
ckeller@curio412.com

QUICK TIPS

1. **Assess Your Financial Status** - Know your budget, debt, and savings
2. **Communicate** - with your stakeholders
3. **Understand Your Needs**
 - Think about your immediate and mid-long term requirements
4. **Monitor your Risk**
 - Dramatic shifts in customer behavior can increase risk. Regularly monitor your finances
5. **Be Proactive** - prepare for uncertainty
